

ARMCON

DURALight 8m³ Volumetric Concrete Dispenser

- Hardox 450 Aggregate Bin • Strenx 700 Sub-frame and bin supports •
- Armwatch "Monitor My Mixer" Computer System • Auto Grease/Lube Feature •
- Vanner edge conveyor belt • Electric vibrators on central bin divider •

STRENX 700 Subframe and bin supports for weight saving and increased strength

HARDOX 450 Aggregate bins for superior wear resistance, strength and service life

Stores all your mix designs, tracks the vehicle and records all your pours. Improves efficiency and security

Extensive design and engineering work has reduced centre of gravity and improved weight distribution

DURALight low weight, high strength design allows a full 8m³ payload within the 32 tonne legal GVW
